For more information about the ways PBS and local stations deliver outstanding return on investment to the nation, visit: [pbs.org/value](http://pbs.org/value)
Americans have named PBS and stations the nation’s most trusted institution for 15 years running.

During this period of rapid evolution in media, politics, culture, and technology, the value that the public sees in PBS and local member stations has remained unique and unrivaled.

Trust is the most important measure of our success in fulfilling our essential public service mission. We treat our audience as citizens, not consumers. No other media entity provides the same array of community benefits, including free children’s educational content and services, in-depth news and public affairs programming, series that spark lifelong learning, and vital emergency communications. These are just some of the reasons why PBS and local stations continue to engender trust and loyalty despite an explosion of channels, platforms, and devices that have presented Americans with more choices at their fingertips than ever before.

In this faster and more fluid environment, PBS and stations are embracing digital technology to find new ways to serve Americans to fit their busy lives, meet their needs, and reflect their diverse interests. This includes the 24/7 PBS KIDS channel and live stream, now available to more than 95% of U.S. TV households. PBS Digital Studios presents more than 50 original web series on YouTube and Facebook, each geared toward a like-minded community of learners, whether bound by a love of art, culture, or science.

Rooted in local communities, PBS is proud to work alongside nearly 350 member stations in service to the American people. Member stations are independently owned and operated, and in many rural areas, public television is the only media available. A strong private-public partnership ensures that our service is available to every American. Federal funding provides critical seed money that enhances our educational programming and sustains service in rural and underserved areas. Reflecting our broad public trust, donations from viewers make up the single largest source of funding to PBS and stations.

Marketing & Research Resources, Inc. (M&RR) fielded 11 questions via an online survey during the window of January 4-9, 2018. The survey was conducted among a sample of 1,025 adults ages 18+, 495 men and 530 women. The results are weighted to be nationally representative of the US adult population. Results presented throughout are for all respondents, unless otherwise noted.
**QUESTION**

What is your level of trust with each of the following organizations: a great deal, somewhat, not very much, or not at all?

*Graph indicates “A Great Deal.”*

ABOUT PBS

PBS, with nearly 350 member stations, offers all Americans the opportunity to explore new ideas and new worlds through television and digital content. Each month, PBS reaches nearly 100 million people through television and nearly 28 million people online, inviting them to experience the worlds of science, history, nature and public affairs; to hear diverse viewpoints; and to take front row seats to world-class drama and performances. PBS’ broad array of programs has been consistently honored by the industry’s most coveted award competitions. Teachers of children from pre-K through 12th grade turn to PBS for digital content and services that help bring classroom lessons to life. Decades of research confirms that PBS’ premier children’s media service, PBS KIDS, helps children build critical literacy, math and social-emotional skills, enabling them to find success in school and life. Delivered through member stations, PBS KIDS offers high-quality educational content on TV – including a new 24/7 channel, online at pbskids.org, via an array of mobile apps and in communities across America. More information about PBS is available at www.pbs.org, one of the leading dot-org websites on the internet, or by following PBS on Twitter, Facebook or through our apps for mobile and connected devices. Specific program information and updates for press are available at pbs.org/pressroom or by following PBS Pressroom on Twitter.
